✅ Good job, Aleks! 👏⚽
"Yes, I like sport. I like to play football and watch TV sports channels." ✔️ — Nice!

💡 Two small tips:

Your sentence	Better English
watch tv sport channels	watch **sports channels on TV** 📺 (sports = прилагательное, всегда с s)
Because very interesting	**because it is very interesting** (in English we need a subject + verb!)

👉 **Perfect version:**

> "Yes, I like sport. I like to play football and watch sports channels on TV, because it is very interesting." 🌟

💡 **Remember:** after **because** we always need a full sentence: *because it is interesting*, *because I like it*. 😊

Question 2: How often do you play sport or exercise? 🗓️
(Как часто ты занимаешься спортом?)

💡 **Helpful words:**

- **every day / every week** — каждый день / каждую неделю
- **once a week / twice a week** — один раз в неделю / два раза в неделю
- **three times a week** — три раза в неделю
- **sometimes / often / rarely / never** — иногда / часто / редко / никогда
- **to exercise** — делать зарядку, тренироваться

👉 **Example:** *"I play football twice a week and I watch sports every day."* 😊

✅ Very good, Aleks! 👏
"No, I wouldn't like to be professional." ✓ — Correct grammar!
💡 Tiny tip: we need "a" before the profession:

> "No, I wouldn't like to be a professional sportsman." 🏅

👉 Full perfect version:

> "No, I wouldn't like to be a professional sportsman, because it is too hard and you must train every day." 💥

🎯 Version +1 (B1 level):

> "No, I don't think professional sport is for me. It requires too much training every day, and I'd rather play for fun and stay healthy."

💡 B1 words:
- to be for me — для меня (подходит ли мне)
- to require — требовать
- I'd rather... — я лучше... (предпочту)
- for fun — для удовольствия 😊
